Subject: Grundy County Soil Maps Available

The updated Grundy County Soil Maps are now available at the Grundy County SWCD & NRCS office.

These maps are available to the public, and there is no charge for them. If you would like a packet of the maps for your office or organization, please contact us or stop by the office to pick it up. Only the hard-copy maps are available at this time. If you need the soils descriptions and/or interpretations, the new and improved Grundy County Soil Survey manuscript (pdf) is now available at: http://soildatamart.nrcs.usda.gov/manuscripts/IL063/0/Grundy_IL.pdf

Or you can still access this information at the Web Soil Survey at <http://websoilsurvey.nrcs.usda.gov/app/>

We should have the Grundy County Soil Survey CDs available sometime in 2009.

Thanks,
Jen
