Subject: Committee members info
Attachments: Steering Committee list.pdf

Hi all –

Happy Friday to everyone! Some of you have been asking for information about who is on the Steering Committee. Attached is a list of members. Everyone above the line attended the first meeting, others were invited and we hope to see them at the next meeting. As you can see, we've got a good group of people representing a variety of organizations and interests. We have municipal, county, park district, forest preserve district, SWCD, Aux Sable Watershed Coalition, Farm Bureau, and watershed residents as part of the mix. As I mentioned at the meeting, if think there are other key stakeholder organizations that should be represented, please let the Committee know so we can consider others we may need to add. As you can see from the list, I think we should have good Kendall County representation. I think it would be good to have a couple of residents from the Grundy County side of the watershed.

You should be receiving the homework assignment Pat mentioned sometime next week.

Thanks & have a good weekend,
Stephanie
