Subject: housing the plan

Hello all –

One of the outstanding items to decide is who will house the watershed plan, when completed. Obviously all partners & stakeholders will have access to or have a copy of the plan, but this is about an organization that takes on the role of convening a group yearly to monitor plan implementation. At our June meeting several agencies were suggested. We discussed the list again in July. The following list includes all organizations suggested, however only those in boldface have responded to my inquiry asking if they would be willing to serve this function.

- **Kendall** or Grundy **SWCDs**
- **The Conservation Foundation**
- Kendall or **Grundy Farm Bureaus**
- Kendall or Grundy County Dev./Engineering Dept.
- Kendall or **Grundy U of IL Extension**

If nominated, before accepting, Extension would have to check with "Campus" to be sure its appropriate & then the local Extension Board would have to review it the request.

Note: IEPA has indicated that any of the organizations listed above are o.k. to identify as keepers of the plan. They do not have a preference. They defer to a local committee, like this advisory committee, as one with better knowledge of who the best keeper would be.

I hope this helps. **Please indicate your preference by Wednesday, August 6, 2008.** I will tally the votes & pass those on to be noted in the watershed plan.

Thanks,
Stephanie
