Hi all –

Both the consultant & I are working to wrap things up. I'm anticipating a revised version of the plan to be available by the end of May. In the meantime, I revised the Overview in light of some areas we discussed at our last advisory committee meeting. The notes I took were that I should address the following in the Overview:

- Who is "housing" & details about that (SWCD is a local point of reference – a resource – but not a watchdog or implementer)
- Scope of work (of the 319 project)
- Matrix of contacts
- How does implementation work
- Background about the SWCD

Most of this is addressed in the beginning, before I get in to describing the chapter content (as it seemed the committee felt it would be good there, rather than integrating it into various areas or addressing this "meat" last). The matrix is at the end.

Please let me know if you have any questions or concerns by June 5, 2009. If I do not hear from you, I will assume it is just fine.

Thanks for your work & I'll be in touch when the updated plan is available.
